Gent.

I have to acknowledge your favor of the 12th ult. If the Danish Vessel should arrive in an English Port, I think she might be arrested by Process from the Admiralty Court & be proceeded against at the Suit of your Parties in a Cause of Damage; but, as the arresting of Foreign Ships is unusual, I should recommend it to your Parties, previous to their applying to the Court to issue the Warrant of Arrest, that the Case, with the Facts fully & fairly stated, be laid before Sir Wm Scott for his Opinion, that your Parties may not embark into an expensive Litigation without good ground of Success. I am Gent.

humble Servant

Sir,

Kennedy ats Smalley.

I have fyled this Bail & given notice thereof to plts Atty.

Your Certioraris came safe, & that there should be no Complaint I have delivered 'em to each of the Attys concerned.

Stanger ats Hopkinson. This Bail was fyled on Monday and not given to plts Atty. I did not write on Tuesday night, having nothing else to say, as I thought Defts Son would give you the Account sooner than the post. Should a Justifn be required I will give Notice to the Bail accordingly, who both assured me they were men of suffict. Abilities. I have desired Mr. Kindersley to give Mr Heme notice of taxing Costs, who knowing the state of the Business much better than I can do will of Course take Care about the Deduction you mention.

Banyer c Norton. I shall be ready to tax those Costs whenever Defts Agent is disposed to do so - I wonder you don't get your Undersheriff to grant a Deputation to some Atty upon the spot where your Inquiries are executed as it would save great expence on those Occasions. As Undersheriff of Sussex I do so every day to any Gent of Character & take only 6s. 8d. extra. for the Sheriffs for welbeing 18s. I charge £1.4.8 (Deputation included) and the Deputy in the Country is paid 6s. 8d for his Attendce. All the Sheriffs in this part of the World do so. We never write 'em upon Sta. I am

Dear Sir

Mr Robert Cross of St James has been with me this Afternoon to advise in the Matter stated on the other Side — on behalf of Wm Wright there named.

He tells me Wm Wright some time since applied to Key on the Business — and Cross suspects his Conduct and requests that you will see Kelham & Johnson and examine strictly how the Matter stands, and what Wright is entitled to, and how it is to be obtained — for which he (Cross) will pay us.

Therefore I write by this Nights Post, hoping this may reach you before you leave Town.

I hope you received the Papers I sent last Post — and you will hear from Bean (at Bury) by Monday Nights Post

I am D. Sir
Yours sincerely
A. Fawssett
